 Waldorf Schools of North America

Parent-Child Program

2023 - 2024

The Waldorf Parent-Child Program
 offers a gentle and nurturing
 environment for children who are
 accompanied by a parent or caregiver.

Parent - Child Classes

Children include parents in their play according to their fluctuating needs. Parents not engaged in child led play participate in a simple craft project provided by the teacher, connect with other parents or help with tasks around the classroom.

The morning begins with unstructured outdoor play. This early years enrichment opportunity allows children to spend their time outside engaged in meaningful ways with their body, mind and spirit while located in a natural setting.

Using multiple natural learning environments, children develop confidence in their own abilities investigate and collaborate outdoors within their natural environment. Children are physically active and engaged in movement skills that facilitate balance, stamina and strength.

Each week the same rhythm of activities takes place so that even the youngest children experience the routine and begin to participate as part of the group.

Parent Orientation

Wednesday, Aug. 30th, 7:00pm - 8:30pm

All parents are required to attend a pre-session Orientation Tea, where the class session teacher(s) will provide a brief outline of what to expect in the upcoming session.

Even if you have attended previous sessions, it is important for you to attend the orientation. This is a short event, intended for parents only

(babies in arms are welcome).

Younger siblings are welcome in all classes. However, any children 12 months or older are considered a full registration. A 25% discount is offered for siblings. If you are registering more than one child, please contact us for the exact fee.

Classes are limited to 12 registered and 2 unregistered (siblings) on a first come, first served basis.
