

# Alexis Hillyard

## Jr. High Electives Teacher

Alexis absolutely LOVES being a part of the WISE community! She teaches the Cooking Elective on Monday and is a substitute teacher for all Waldorf grades. Alexis and her partner Alison had their first child (Jovan) and she has been busy loving mom life! In addition to being a mom, Alexis is also a YouTube Creator, self-taught vegan cook, and entrepreneur. Born without her left hand, Alexis uses her stump as a kitchen tool - from spatula to juicer - while expanding the vocabulary of what's possible in the kitchen each week on her show 'Stump Kitchen.' She strives to bring the joy from her cooking show to her cooking elective students each week! In her free time, Alexis loves to go on exploratory nature walks and camping trips with her family.
